ANDERSON COLLEGE
ANDERSON, S. C.

OFFICE OF THE PRESIDENT

June 9, 1945

AN ANNOUNCEMENT TO ANDERSON COLLEGE STUDENTS

My dear Student:

Many changes in the administrative and faculty personnel of Anderson College are in prospect for next year; some of these changes have already been completed, some are still pending. This is information of such interest to the student body that I believe you would appreciate a statement at this time, even before all arrangements are consummated.

In the administrative department, the trustees have decided to abolish the positions of Dean of Faculty and Dean of Women, combining these two in a more inclusive and centralized office of Dean of the College. Miss Copeland has been elected as Dean; her former classroom opposite the business office has been subdivided into three well appointed offices and a waiting room.

Dean Copeland will have two full time assistants; these positions will be filled by Miss Jennita Davis and Miss Ruby Cook of the class of 1945. This arrangement is designed to simplify the social life of the students in their needs to come and go from the college, since permissions, invitations, and excuses will all be concentrated in Dean Copeland’s office. Miss Lucas will also have an office adjoining Dean Copeland’s to facilitate her services as Student Counsellor and Faculty Adviser to the Student Government Association.

The following changes have already been made in the faculty:

Miss Caroline Hendricks, a well qualified Science instructor with a Master’s degree from the University of North Carolina, will be the head of the Science Department.
Miss Helen Gould Brandon, who has a Master’s degree from the University of Tennessee, will be the head of the History and Social Science departments.
Miss Mary Major Burriss will be the head of the Commercial Department and will be assisted by Miss Vivian Nations of the class of 1945.
Miss Minnie Duncan, of Missouri, has accepted the position of resident nurse.
Arrangements in the department of Speech and Drama are still pending.

With best wishes to you and happy anticipations of seeing you in September, I am

Very sincerely yours,

Annie D. Debnark
President
